Courses delivered in conjunction with this program (choose one): COMM 100N, CAS 100C, KINES 81, INART 1, BA 100, GLIS 101N. Our courses are three-credit WEB courses that include an academic immersion program in Rome from May 6 to May 19, 2026. Students from any Penn State campus or unit are welcome to enroll. Each course may be taken either as a Spring 2026 course in the second seven-week session (March to May) with a .25 credit tethered summer course, or as a Summer 2026 Maymester course. Scholarships are available to help defray the costs.

These info sessions provide the opportunity to learn more about the itinerary, program costs, and course structures, as well as to meet the instructors who will be leading the experience. Students will also be able to ask questions about academic requirements, credit fulfillment, and scholarship options.

Join us on Zoom to find out how Rome 2026 can enrich your academic path.
